

THE COUNTRY IN GENERAL

A Summary of Happenings at Home and Abroad.

THE NEWS CONDENSED.

A Review of What Has Transpired of Public Interest.

Warren, Ohio, July 16.—Harry Simmons, prominent in musical circles in this and other cities, died of lockjaw, resulting from an explosion of a blank cartridge in his hand.

Marietta, Ohio, July 16.—Rhea, the eighteen-months-old daughter of William Bolton, swallowed a piece of a hickory nut shell, which lodged in her windpipe and caused death in a few hours.

Barcelona, July 16.—Four more bombs have been exploded in different parts of the city. No serious damage was done, but the excitement is intense. The authors of the outrages are unknown.

New York, July 16.—Admiral Crowninshield, chief of the Bureau of Navigation, Navy Department, sailed for Europe to inspect the English system of naval barracks as substituted for receiving ships.

Newark, N. J., July 16.—Edward McKenna, 43 years old, of No. 159 Van Buren street, shot himself in the left breast with a revolver, and is dying. McKenna had trouble with his eyes, and despondency over his condition drove him to suicide.

Newark, N. J., July 16.—T. Madison Condit, a Newark politician, has brought suit for \$20,000 damages for slander against John Hart, a wholesale milk dealer. Condit says Hart accused him of stealing milk cans and has tried to have him dismissed from the railroad which employs him.

Tribes Hill, N. Y., July 16.—Mrs. Jane, widow of Jacob Turnbull of Fort Hunter, Montgomery County, committed suicide by taking Paris green. She was in comfortable circumstances, but feared she was coming to want. She was 56 years of age and is survived by a son.

Passaic, N. J., July 16.—The strike at the Botany mills here is ended. The strikers have gone back to work. The main body of the employes refused to strike, and the effort to form a union failed. The company refused to take back those of the strikers who were active in the recent riot.

Trenton, N. J., July 16.—Daniel W. Van Atta, supervisor of the New Jersey State Hospital for the Insane, over a year ago became convinced that he was going to die on July 13. Accordingly he made all arrangements, even to selecting his shroud and coffin. True to his belief he was found dead in bed having suddenly expired.

Albany, July 16.—The Union Iron Works, of Buffalo, N. Y., has filed articles of incorporation with the Secretary of State. The amount of its capital stock is \$350,000, of which \$150,000 shall be cumulative 7 per cent. fully preferred stock, and the balance common stock. The company will begin business with the full amount of its capitalization.

St. Johns, N. F., July 16.—The French warships continue to persecute the settlers along the treaty coast. Ten colonial vessels have been driven out of Port-au-Port Harbor by them this week. The Colonial Government will urge Rear Admiral Bedford, on his arrival here on Sunday with the British fleet, to take steps to prevent the repetition of these outrages.

Washington, July 16.—The following is Saturday's record of the enlistment of troops for the volunteer regiments: 26th Infantry, 55; 27th, 69; 28th, 13; 30th, 43; 31st, 69; 32d, 15; 33rd, 10; 34th, 8; 35th, 6. Total for the day, 313; heretofore reported, 811. Grand total, 1,124. Col. Port Jervis, N. Y., July 16.—The body of a strange lad was found in the Erie yard at Port Jervis, the head having been severed by the cars. In his pocket was a sketch of himself, which said that his name was Richard Bissounette, of New York, aged 16 years, that his life was insured for \$188 in the Prudential, the policy being in the possession of Mr. Labouch, of Oil City, Pa. Bissounette evidently fell from a freight train and was run over.

The price paid is said to have been \$1,500,000. Hon. Frank S. Witherbee is now in Europe, having sailed about a week ago. 871 Men and Eighteen Officers Go to Aid General Otis in Subduing Aguinaldo and His Followers.

The Glacier Arrives at Manila With a Supply of Beef—Lincoln Making Great Preparations for the Reception of the First Nebraska Volunteers on Their Return.

Lincoln, Neb., July 18.—Enthusiastic preparations continue for the reception of the First Nebraska Volunteers on their return home. The regiment will reach San Francisco on July 28. There has been considerable criticism of the character of the speeches at the mass meeting to talk over the reception. There were three speeches on the programme, Gen. Manderson, Gen. Vifquain and G. M. Lambertson being the talkers, besides C. O. Whedon, the Chairman of the local committee, who outlined the general plan, and Mayor Winnett, who, as the Chief Executive of the city, pledged the citizens to a hearty co-operation. The speeches of Lambertson and Gen. Manderson took on a decided political tinge and both took occasion to defend expansion and holding of the Philippines and to condemn opposition to this policy.

During Gen. Manderson's speech there was a decided expression of displeasure, hisses being heard once or twice. Gen. Vifquain in his talk administered a rebuke to the injection of partisan politics into such a meeting and took issue with the declarations of Manderson and Lambertson.

New Field Guns For Philippines. Washington, July 18.—The War Department has recently concluded an exhaustive series of experiments at Sandy Hook with high explosives and light field guns that promise to mark a material advance in the artillery branch of the service. The recommendations of the Board are in shape to be presented to the Secretary of War, and if adopted will result in arming the troops in the Philippines with the most advanced type of light field guns in the world. The Board has decided on a type of field gun which can fire fifteen aimed shots a minute, which can be operated by one man and which its full crew can take to pieces in thirteen seconds for loading on muleback for transportation wherever needed. It is three-inch calibre, can carry solid shot, shrapnel or a bursting charge of high explosive which will kill by concussion in a radius of 200 feet.

Troops Sail From San Francisco. Washington, July 18.—The following despatch from San Francisco, announcing the departure of the City of Para, has been received at the War Department: "Transport City of Para sailed with Major Augur and two troops Fourth Cavalry, four officers, 179 men; headquarters, band and four companies Twenty-fourth Infantry, 14 officers, 542 men; Company B, engineers, three officers, 150 men; 180 rounds calibre 30 ammunition per man. With troops six assistant surgeons, ten acting assistant surgeons, nineteen men Hospital Corps, one officer and twenty-one men Signal Corps; sixty-six assigned men Twenty-fourth, and seven Twenty-fifth Infantry. Passengers, Gen. Schwan and aide; Col. Carpenter, Eighteenth, and Bisbee, Thirteenth; Major Lee, Ninth; Captain Batchelor, Twenty-fourth Infantry. "SHAFTER, Major-General."

Volunteers Sail From Manila. Washington, July 18.—The War Department has received the following cablegram: Manila, July 15. "Twenty inches of rain in July, attended by typhoons, made landing of transports impossible at Negros. Impossible to unload Sixth Infantry until last day or two. Californians now loading. Colorados leave on Warren, Idaho, North Dakotas and Wyoming next week as soon as transports can be coaled. OTIS." The refrigerator ship Glacier, from New York, arrived at Manila with a large supply of beef on board.

Recruits For Volunteers. Lexington, Ky., July 18.—The Thirty-first Regiment being recruited at Fort Thomas for service in the Philippines, no less than 257 men enlisted. It is estimated that the regiment will be complete within three weeks.

Money for Genoa.

The Syracuse Post-Standard of Friday says: "The judgment in the case of the Oswego County Savings bank against the town of Genoa, entered upon the decision of Justice Hiseock in favor of the defendant, was filed in the county clerk's office Thursday. The case is one in which the bank sought to collect the coupons on certain railroad bonds given by the town for the construction of the N. Y. Oswego & Midland road. The bonds and coupons are held to be void in the finding, which occupied the attorneys several days in preparation in accordance with the decision, are 53 of fact and 14 of law. The defendant was given \$240 extra allowance, which makes the judgment for costs \$488.18."

Underwood, Storke & Seward, of Auburn represented the defendant.

According to dispatches in Thursday's papers, Secretary Alger resigned from his office as Secretary of War. There also seems to be a general public demand that General Miles be sent to finish the rebellion in the Philippines. With Wheeler and Lawton to assist, it should be a short and easy job for that able commander, and that is why the people want him sent.

They Met Upon the Level.

Aurora-on-the-lake is the pretty name of one of the oldest as well as the most pleasant villages in the county. Nowhere, so far as we know, is there such a fine illustration of the past versus the present, in architecture, as can be seen in this beautiful village. On Monday evening last there was held a fraternal gathering which must be long remembered by all who were present. Scipio Lodge, 110, F. & A. M., raised three candidates, Dr. M. B. VanBuskirk, J. A. Hudson and Mr. Gifford, to the sublime degree of master mason, which work was followed by a banquet at the Wayside Inn, to which about sixty of the craft sat down. Sherwood's orchestra discoursed music during the supper hour after which several toasts were proposed and responded to in a most appropriate and interesting manner. Beside the members of the local lodge, there were delegates from Auburn, Cayuga, Union Springs, Genoa, Lansing and the Scipio lodge. The building occupied by Scipio Lodge 110 has been in constant use for 80 years, the corner stone being laid by Governor DeWitt Clinton in 1819. Another building there has in its upper story a dingy room appropriately furnished in which the royal arch degrees were worked perhaps a hundred years ago. The new town building now being erected there is fast nearing completion, and will be a credit to the town and village. The military academy which was closed, may be opened again as a school in the fall.
