Keep Account of Expenditures.

A message to members of the W. C. T. U. throughout New York and New Jersey, urging them to discourage extravagance by setting an example in their own lives, of intelligence in the disposal of an income, the keeping of household accounts, and the investments of savings, has just been issued. The New Jersey message was sent out by Mrs. Emma Bourne of South Orange, state chairman of Thrift of the W. C. T. U. The New York statement came from Mrs. Ella A. Boole of Brooklyn, president of the Women's Christian Temperance Union of New York.

The W. C. T. U. leaders advised their members to study and practice personal and household thrift and to acquire the habit of saving regularly. The best means for accomplishing this, they declared, is the use of the household budget and account sheet prepared by the Government Loan organization for the Second Federal Reserve district. They stated that a copy of the budget sheet has been placed in the hands of every member so that all may have an opportunity to co-operate with the government in this movement.

The budget sheet has aroused much interest and favorable comment among women's club circles, which have been the first to take it up. Among organizations of national importance that have adopted the budget keeping system for their members are the D. A. R., the Y. W. C. A., the N. Y. & N. J. State Federation of Women's clubs, the National Federation of Business and Professional Women's clubs and the National Congress of Mothers' and Parent Teachers' associations.

These influential organizations have determined to familiarize their members with the benefits which must come to them and the nation from the self-discipline acquired in the constant effort to keep within a definite amount of expenditures and the investment of their savings in government securities.

Copies of the budget sheet may be obtained from the Woman's Division, Government Loan Organization, 120 Broadway, New York.

Mrs. Chas. G. Barger.

Alice A. Beardsley, wife of Charles G. Barger, passed away at 7:40 o'clock Wednesday evening, April 28, after an illness of only ten days of pneumonia.

The deceased was a daughter of the late Roswell and Isabel Beardsley, and was born at the Beardsley homestead in North Lansing May 25, 1843. She was married to Charles G. Barger of Five Corners Oct. 25, 1864, and began housekeeping in the old Barger homestead near Belltown, later moving to North Lansing. In the year 1908 they moved back to Five Corners, where they have since resided.

Mrs. Barger was a charter member of the order of Eastern Star of North Lansing. She was a fine singer and for many years, with her husband, sang at funerals and wherever needed. She was of a genial, kindly nature and highly esteemed by her friends and neighbors, and will be greatly missed by her many friends and especially in the home.

Surviving are the husband and four sons—Lonson G. of Scranton, Pa., Frank C. of New York, Henry of Ludlowville and Louis E. of North Tonawanda, N. Y. She also leaves six grandchildren and two great-grandchildren, two sisters—Mrs. Andrew J. Brink and Mrs. Benton Brown and one brother, Frank J. Beardsley, all of North Lansing.

Funeral services were held at the late home in Five Corners Saturday afternoon at 2 o'clock and were very largely attended. Rev. F. J. Allington of North Lansing officiated. The four sons acted as bearers. There were a large number of beautiful floral tributes from sympathizing relatives and friends. Burial in Five Corners cemetery.

One woman says she saves from a half hour to an hour and a half daily by a dish drainer. It's only a wire rack which holds the dishes while they are washed. Boiling water is dashed over the dishes does the washing and they dry themselves.

Died at East Genoa.

The death of Mrs. Annette Alexander occurred at the home of her daughter, Mrs. Edward Shaw, at East Genoa, on Sunday, at the age of 87 years, after a short illness of bronchial pneumonia.

The deceased was a native of Virgil, but had spent the past forty years in the vicinity of Genoa. The funeral was held at the Shaw home at East Genoa on Tuesday at 1 o'clock, Rev. R. A. Fargo officiating. The remains were taken to Cortland for burial in the Rural cemetery.

Surviving are three daughters, Mrs. Della Shaw, East Genoa; Mrs. Emma Lockward, Syracuse, and Mrs. Mary L. Wilsey, Cortland; one sister, Mrs. Sarah Morey, Moravia; one brother, William Benton, who lives in the West.

The dooryard is part of the home and it should be kept looking no less beautiful than the inside of the home.

—Cornell's big spring pageant and fete day, which this year will be held on May 22, also the date of the Yale baseball game and the Cornell-Harvard regatta, will be altogether novel in character and a radical departure from anything ever attempted before on the occasion of the annual Spring Day show.

Come to the Tribune office for your auction bills.

—The concert by the Locke Symphony orchestra in Genoa Gem theater last Friday evening was largely attended, and the company gave a highly creditable entertainment. The orchestra selections under the leadership of Curtis Powers, and the solo work were all well done. Special mention should be made of the violin solo by Miss Stryker. Mr. Sisson of Ithaca Conservatory substituted for Miss Sullivan and gave two readings in an able and entertaining manner. The young people are deserving of patronage to encourage them in their work.

—During the past two years seven daily newspapers, eight tri-weeklies, eight semi-weeklies and sixty weekly publications have been discontinued in New York State.

—The 2.75 per cent beer bill which passed the legislature will not affect Auburn as it applies to only first and second class cities, and Auburn is in class three.

—Six nurses were graduated from Ithaca City hospital last Friday evening. A seventh member of the class died last fall when she contracted influenza while nursing a patient.

—The Ithaca Rotary club is planning a big rally and field day for July 14. All clubs in the fourth district are invited to participate, and an attendance of about 2,000 is anticipated.

—You will never get the pleasure out of living until you learn the pleasure of giving. There is no satisfaction in the world that equals that of doing something for somebody else.

—W. C. Stokoe of Lancaster, New Hampshire, will succeed Allen S. Merchant as agricultural agent in Cortland county. He will take up his duties as farm bureau manager about May 15.

—In spite of prohibition, grape growers at Penn Yan are going to increase their acreage and will join in an advertising campaign to teach the value of grapes as sauce and for canning purposes.

—Growers in the section about Poughkeepsie say that the crop of strawberries in the Hudson valley will break all records this year. They estimate that the yield will be double that of last year.

—It is being urged that you go to church on Sunday and that you contribute to its support. The habit is a good one for no one ever went to church without getting some benefit. Theodore Roosevelt once said: "Even men who are not professionally religious must if they are frank, admit that no community can permanently prosper, either morally or materially, unless the church is a real and vital element in the community life."

MORE THAN ONE-HALF OF ADULTS IN U. S. LACK CHURCH INFLUENCE

Older Communities Are Better Supplied With Churches
 Than the Newer Districts of the West
 and Southwest.

Striking figures revealing the number of adults in the United States who are without church affiliation are shown on a chart which has just been issued by the Interchurch World Movement. This chart brings out a comparison of unchurched inhabitants by states, indicating that the older communities of New England are relative-

habitants is 33.2, while Little Rhode Island is next with only 38.7 per cent of its population not in church memberships. New York stands third with a percentage of 39.4 unchurched.

The other states where less than half the population are not affiliated with any church, as revealed by the Interchurch World Movement chart,

Totals: Catholics 12,049,000 Jews 3,387,200 Other Non-Prot 739,700
 Protestants 24,354,300 Not members of any church 58,110,100

CATHOLIC Includes children
JEWISH Includes children
OTHER NON-PROTESTANT Includes children
PROTESTANT CHURCH MEMBERS ONLY Includes children
PERSONS OVER 10 YEARS OF AGE Includes members of any church
CHILDREN UNDER 10 YEARS OF AGE Includes members of any church

ly better supplied with churches than those of the newer states of the west and southwest.

Conditions such as these, brought to light by the home and foreign surveys, form the basis for the great appeal of thirty co-operating denominations, through the Interchurch World Movement, for \$336,777,572 in the United Financial Campaign which begins April 25 and ends May 2.

More than one-half of the adults of the United States are without any church connection whatever, the statistical chart shows. The exact figures are 56.1 per cent.

Possibly many persons will be surprised to learn that Nevada leads with the greatest number of unchurched persons, including children—87.8 per cent of her population. Oklahoma is second, the statistics revealing that 82.2 per cent of that state's inhabitants have no church connections. Wyoming is third with 75.2, Arizona fourth with 73.9, Washington fifth with 73.5, Oregon sixth with 72.7 and West Virginia seventh with 71.2 per cent of the population unchurched.

On the credit side the chart discloses that Connecticut leads with the lowest percentage of unchurched and, consequently, the best showing in church attendance for its population. Connecticut's percentage of unchurched in-

with their percentage of unchurched are as follows: Massachusetts, 41.9 per cent; Utah, 43.7 per cent; Louisiana, 46.5 per cent; Pennsylvania, 49.9 per cent, and South Carolina, 48.6 per cent.

The percentages of unchurched in the remaining states in each of which more than half the population is not affiliated with any church are as follows:

Alabama 58.9, Arkansas 70.8, California 62.8, Colorado 70, Delaware 55.8, District of Columbia 67.1, Florida 62.8, Georgia 57.3, Idaho 63, Illinois 51.2, Indiana 61.2, Iowa 61.1, Kansas 69.7, Kentucky 62.1, Maine 65.5, Maryland 53.7, Michigan 58.7, Minnesota 55.2, Mississippi 62.2, Missouri 57.7, Montana 68.8, Nebraska 66.1, New Hampshire 53.4, New Jersey 51.3, New Mexico 59.6, North Carolina 59.7, North Dakota 64.9, Ohio 53.7, South Dakota 65.8, Tennessee 67.1, Texas 64.7, Vermont 56, Virginia 58.6, and Wisconsin 53.5.

The Interchurch World Movement survey for the United States reported that the 45,580,343 Americans in church memberships accounted for were distributed as follows: Catholic 17,504,074, Jewish 3,877,238, Protestants 24,352,316; children of Protestant parentage 7,413,240; all other faiths 739,715.

DENTISTRY HAS NO TERRORS FOR NASSAU CHILDREN

Red Cross Juniors Provide
 Mobile Dental Equipment
 as Part of Health
 Program

Lack of even ordinary care of the teeth on the part of many school children in Nassau county, Long Island, was revealed by the medical report of the schools of the county for 1917 and 1918.

Many of the children never had any dental attention and those who were making regular visits to the dentists did so often to the detriment of their school work.

From now on the 25,000 school children of the seventy schools in the county need not go to the dentist, however. The dental car of the Junior Red Cross of Nassau county will attend to all that.

Dr. Vincent T. Meaney will operate the car as well as the "tooth buzzer." With him will ride a nurse and both will be uniformed in white. In the car is a dental chair built especially for children and all apparatus for dental work. This mobile dental office will make the rounds of all the schools, fill teeth, detect bad tonsils for a surgeon to deal with and in general insist on the "clean teeth" motto of the modern school.

The plan for the traveling dental shop was conceived and executed by Mrs. E. C. Brower of Roslyn, L. I., chairman of the Red Cross Committee on Schools of the County.

Proud of Experiment.

"Nassau County Chapter is very proud of its experiment," said Mrs. Brower. "Already the experiment has proved to be a great success. It fills a very definite need in our county. I am sure that in many communities there are many children who lack proper care of the teeth and should the Junior Red Cross in any town desire to start a Red Cross Dental Educational Car, let me give them some details. The car cost us \$750, the prophylactic chair \$80, instruments and case \$244.31.

"That was the only initial expense and it was small enough when one considers the amount of good which such an equipment can do in country districts where instructive medical measures are lacking. The dentist who is in charge of the mobile dental office has been engaged by the year. Assisting him is a public health nurse who has been provided by the Board of Education. The equipment was purchased with the funds raised entirely by the school children of the Nassau County Junior Red Cross. The children know that the car belongs to them. That is one reason for their continuing interest and pride in it.

"The Red Cross Dental Educational Car makes the rounds of all schools in the community," continued Mrs. Brower. "The nurse lists the things to be done to the children's teeth and submits an estimate of the cost to the parents. Prices are low. It costs 25 cents to have one tooth filled, 35 cents for two, and 45 cents for three. Other work is charged for in proportion. If a family cannot afford to pay the bill, the cost is charged up against the school, so that there can be no 'charity' stigma attached to the project.

"In addition to the Dental Car, the Junior Red Cross of Nassau County is to have a hospital all its own. The Nassau Hospital Association has given a building at Mineola which has been named the Nassau County Junior Red Cross Hospital. Clinics will be held there for the school children. On his rounds, Dr. Meaney will seek out children who are in need of medical attention and refer them to the clinics. The Nassau County Red Cross Medical Corps has offered to co-operate and will carry the youngsters from the outlying districts to the hospital."

Home Bureau Agent Selected.

The executive committee of the Home Bureau of Cayuga county held a meeting Thursday, April 29, in Auburn. The meeting was called by the president, Mrs. Anna Kent of Union Springs, for the purpose of selecting a home bureau agent to take the place made vacant by the resignation of Miss Mary E. Bowen, who has gone to Cornell University to pursue studies in connection with rural home economics.

Miss Mina Willis of Minnesota met the committee and arrangements were made whereby she will begin her work as county agent on June 1. Miss Willis was not able to accept the position immediately because of illness.

In the West Miss Willis taught in a High school and also was an instructor in the University of Minnesota. During the past two years, she has been manager of a home bureau in South Dakota.

The executive committee is composed of Mrs. Kent, president; Mrs. J. F. Riley, Sennett, vice president; Miss Louise T. Montgomery of Auburn, secretary; Mrs. Charles Hart of Locke, Mrs. James Morse of Levanca, Mrs. Reed Monroe of Red Creek and Mrs. Morell Wilson of Genoa.

League Price for May Milk.

The Dairymen's League price for May milk is \$2.55 for 3 per cent milk in the 200-210 mile freight zone, with the usual differentials for freight and butterfat.

For the year preceding April first, the Dairymen's League sold its milk upon a plan which took for a basis the quoted prices of butter and cheese with certain allowances and differentials made for skim milk and whey, and for the higher costs of producing milk in League territory. This plan was fairly satisfactory to the farmers during the summer months of 1919, but owing chiefly to the very rapid advance in the cost of feeds, labor, and other supplies which the farmer needs to produce milk, the plan did not bring satisfactory prices during the winter.

Market conditions just at this time are somewhat improved from what they were when the April milk was sold, and if these conditions should continue to improve, producers may look forward with hope for more satisfactory prices following the flush months.

No New Road Contracts.

County Superintendent of Highways J. Charles Dayton has received word from the State Department of Highways that the program of road construction by the state for 1920 had been abandoned and that work this year would be confined to the repair and maintenance of state highways and the completion of roads now under contract. Letting for new construction has been abandoned. This means that the contract for the Weedsport-Jordan highway and the Genoa road from Venice to the Tompkins county line will not be built this year.

The information issued by Highway Commissioner Greene states that after careful analysis of the situation it is evident that it is not good business or for the best interests of the state to continue the proposed program outlined in November, 1919 for the 1920 season.

Cayuga County at Farmers' Week.

A checking of the signed cards of the 2,654 persons who registered at this year's farmers' week at Cornell shows that 162 persons from this county attended. There were no doubt others in attendance who did not register.

It is interesting to note that every county in the state except four—Hamilton, Putnam, Richmond and the Bronx—were represented, and that 104 persons living outside New York state registered.

The smallest registration from any county was 3; both Rockland and Clinton counties had this number. Tompkins, the county in which Ithaca is situated, stood at the top with 913, Cayuga came next with 162 and Tioga was third with 138. These were the only figures above the 100 mark.

A kitchen knife which sheds its handle is a nuisance. The knife of hand-forged steel which extends, flat and unwarped, to the end of the handle is the most durable, and cheapest in the long run.

Wasteful helpings boost the high cost of living. The gospel of the clean plate is a good gospel now.

Dies at Port Byron.

Rev. John Henry, pastor of the Baptist church at Port Byron since 1913, died Thursday evening, April 29, at his home in that village. He had been in poor health for about a year, but was able to continue his pastorate until recently. Despairing of a return to health, he handed his resignation to the church board on April 1, but no action had been taken as to his successor.

Mr. Henry is survived by his wife and two sons, one of whom lives at home and is employed in Auburn, while the other is a resident of Akron, Ohio.

Before taking up the work at Port Byron the clergyman had pastorates at Williamson and Macedon, this state.

Funeral services were held at the house at 2:30 o'clock Sunday and at the Baptist church in Port Byron at 3 o'clock. Rev. E. L. James, pastor of the Second Baptist church, Auburn, officiated, assisted by Port Byron ministers.

Auditorium Attractions.

The last and best burlesque of the season will come to the Auditorium next Thursday, May 13, matinee and night. It is a show filled with harmonious singing, exquisite dancing and uproarious comedy. The big cast is headed by the silent comedian, Tommy "Bozo" Snyder, who while he never speaks, keeps the audience in roars of laughter all during the performance. No lover of burlesque should miss it as it is "Some Cast," "Some Girls" and "Some Show." Sale of seats opens Tuesday, May 11.

Coming to the Auditorium Thursday, May 20, for one performance is the greatest of all musical spectacles, "Chin-Chin."

Starnor to Conduct Clinton House.

Elmer C. Starnor has assumed the management of the Clinton House in Ithaca and will conduct that hostelry under the auspices of the trustees, Frank W. Grant and Rodney G. Robinson. Mr. Starnor will succeed William G. Lippett, who leaves with his family for Chenango lake where he will conduct a hotel.

The Clinton House recently was offered for sale at public auction to adjudicate the bankruptcy proceedings. The bids obtained did not prove acceptable and it was decided to continue the management of the hotel under the direction of the trustees until a sale is consummated. Mr. Starnor is well known in Genoa and vicinity, this place having formerly been his home.

FOR POST-STANDARD READERS ONLY.

New York State delegates to the national conventions will go unrepresented. They will vote as they believe that their constituents wish them to. Don't you want to have a voice in the instruction? Wouldn't you like to know how the sentiment is drifting? You can if you care to. The Post-Standard will help you. Saturday morning, May 8, every mail subscriber to The Post-Standard will receive with his paper a secret ballot. And the next day every reader of the Sunday Post-Standard will receive a ballot. Look for it. There will be no obligation. A signature is not required. Return postage will be furnished. Simply make your choice and drop in the mail.

A poll of 74,000 voters will be made. The result will be published in the Post-Standard beginning with the issue of May 10. Follow this vote carefully. It will permit you to tell who you want to be nominated.

Don't neglect this opportunity. Be sure you get the ballot. And be sure you mail it. adv.

GIVE AID FIRST AND PROBE LATER

That is Motto of Salvation Army—Works Well, Says Capt. Geneva Ladd.

Capt. Geneva Ladd, one of the four women pioneers, who landed in France just two months after war was declared and who remained to cross the Rhine with the First Division when it began its wearisome patrol in Germany has returned to God's country and is now doing relief work in the Salvation Army Headquarters in New York city. The temporary relief over which she presides is one of the most important phases of Salvation Army work, for it always has been the policy of the organization to give emergency aid first and investigate later for the need of continued assistance.

"Ninety-nine per cent of those who seek our aid really are suffering," said Capt. Ladd. "Only one per cent is caused by shiftlessness. We are willing to give foolishly once in every hundred times for the sake of ninety-nine who are in real need."

And to administer to the wants of the suffering requires money. It is to furnish the money to continue and expand this work that the Salvation Army will launch a campaign for \$10,000,000 on May 10th to last through the 20th.

MAY BE DOWN BUT HE'S NEVER OUT.

Once again it is proved that a man may be down but never out.

Witness the case of James Harrison, a resident of the Salvation Army Industrial Home in Buffalo. Harrison lost his right arm in a factory accident and suffered partial paralysis of the left arm through lead poisoning.

Is he through? Not much. Today he is the handy man at the Home. He has attached to his right arm a hook and he is the niftiest bed maker in the institution. That is only one of his accomplishments. There are many others.

Major H. C. Crawford, head of the home, banks on Harrison. "But he's only one of my helpers," he adds. "I have many other good ones. We had a legless man here at one time. We furnished him with a baby's high chair and a knife and he proved himself the most efficient potato peeler in Western New York. Give the man who is beset by misfortune a chance and he'll make good."

LEGION BOYS HAVEN'T FORGOTTEN DOUGHNUTS

Mr. Doughboy remembers the Doughnut.

And remembering the Doughnut he can't help but remember the Salvation Army. And the memory of the two is one of the bright spots in his career "Over There."

All of which is the fundamental reason for the alacrity of the Doughboy of not many months ago and the civilian of today in offering his services in the Home Service Fund drive of the Salvation Army which opens on May 10th.

American Legion Posts, many of them in a body, are offering their services in the drive. They volunteered when came the call to arms. They are equally prompt in putting into effect that old truism, "One good turn deserves another."

THIS LASSIE FRIED FIRST DOUGHNUT

That is Only One of Her Many Claims to Distinction.

Adjutant Helen Purviance of the Salvation Army, who is in charge of the flourishing corps in Oswego, N. Y., has many claims to distinction, and one which stands quite near the top of the list of her many achievements and reasons for a niche in the hall of fame is that she fried the first doughnut that saw service in the American Expeditionary Force. Capt. Violet McAllister of Philadelphia mixed the dough, but to the adjutant from Oswego went the honor of frying the first circle with dough around it. Records don't show who was the lucky Doughboy to receive the first out of the frying pan, but, as Col. McIntyre says, "Til bat he enjoyed it."

New Adjutant Purviance is back in Oswego. She has quit frying doughnuts. There is more important work, the general supervision of her corps. Daily she may be seen ministering to the sick, caring for those in want or cheering the weary and depressed. She is only one of thousands doing work similar in character. It is for this work that the Salvation Army will make its nation-wide Home Service Appeal for \$10,000,000 from May 10th to 20th.

The membership of the Catholic church was increased by 186,229 in the United States during the last year and the total for the continental portion of the country is now 17,735,556 according to the Official Catholic Directory for 1920.

J. Q. Barlow, Walton's weather observer, states that the snowfall for the past winter was the greatest of any year of the thirteen during which he has kept records. The snowfall by months was as follows: December, 9 inches; January, 22 inches; February, 35 inches; total, 66 inches. This is the equivalent of 6.37 inches of rain.

Capt. Pat Smith, otherwise known as "Gypsy" Smith, the evangelist, was married last week in New York to Miss Karin M. Tjader of that city. The ceremony took place in the Fifth Ave. Presbyterian church, and was followed by a reception at the bride's home. Capt. and Mrs. Smith sailed for the British West Indies May 4, expecting to return to New York in July.

The new home of the Cortland Y. W. C. A. was formally opened on Monday. The cafeteria, which will serve men and women, was opened on Wednesday. Some months ago the Y. W. C. A. purchased the Schmermerhorn house in Clayton-ave., and extensive alterations and repairs have been made. The association now has a modern home which will be convenient for women traveling alone.

A canvass of the farms of Onondaga county would show a reduction of 75 per cent in the number of hired men employed, compared with five years ago. These figures probably apply to other Central New York counties. A recent canvass along a country highway, bordered by the richest farms in this county, showed that for 10 miles every farm must be worked by the farmer and his family without hired help.
