NEWS ABOUT THE STATE

Paragraphs of the Week's Happenings Clipped from the Tribune's Exchanges.

It's a poor brand of virtue that goes around seeking temptation.

Lower Cayuga lake fairly swarms with duck, and hundreds are being shot for market.

Hereafter on his own quarter deck Dewey will have to be satisfied with the rank of Vice Admiral.

James Hills of New Berlin, has returned from the Adirondacks with a deer weighing 225 pounds.

A syndicate of Auburnians are negotiating for the purchase of Ontario park.—Fair Haven Register.

The Trumansburg Farmers' club, the only one in Tompkins county is again holding regular meetings.

D. W. Cameron has returned to Cazenovia after a three years' absence in Chicago and will soon resume the practice of law.

A very little work on a country road now will serve to keep it in repair and save a great deal of time and money later on.

Mr. McKinley and Mr. Bryan are both delirious with joy at the result of the elections. Why should the rest of the country be sad?

The election expenses of George Fordyce and Ernest G. Treat, assemblymen-elect, were \$100 each, paid to the county committee.

Willard D. Smith of Scipio shipped from Union Springs station Monday, about 25,000 pounds of wool, nearly his whole crop of 30,000 pounds.

The secretary of the Locke Grange reports that the past month has been very prosperous for the order, a large number of new members having been initiated.

Helen M. Dill, Maria D. Holmes and Ida N. Dill of Brutus have filed a claim against the state for \$3,565 for land damaged by the canal improvement.

Complimentary to Assemblyman Fordyce. His home town Tuesday polled only 33 votes against him, a pronounced indication of his popularity among his neighbors.

Through the generosity of N. L. Zabriskie, Aurora has a fine electric light system, at an actual cost of \$150, just the amount formerly expended for kerosene lights.

The Deyo farm near Sidney has been sold to Edward Gates of Sidney for \$7,000, which price includes the stock. When Mr. Deyo bought this farm he paid \$14,000 for it.

Howard C. Benham, who was denied a new trial, was taken to Batavia Wednesday and resented by Justice Hooker, to take the chair during the week of January 2, 1900.

Miss Sweetland, the Democratic candidate for school commissioner in the second district of Seneca county, was elected by a majority that practically included every vote in the district.

Milk is king in Central New York, corn is king in Kansas, cotton is king in South Carolina, coal is king in Pennsylvania and the rest of the royal family in America are too numerous to mention.

A revenue tax of two cents per \$100 should be placed on all papers of agreement to pay for goods purchased on the installment plan. Such papers are the same as promissory notes and should be taxed.

The supervisors met Tuesday morning as a board of canvassers, with Supervisor Price as chairman. The work lasted until Wednesday, when they organized as a legislative body with Mr. Allen of Summerhill chairman, and John G. Hosmer clerk.

Mayor McGuire of Syracuse began life as a newsboy, and has always had a kindly feeling for the fraternity. He gives them an annual picnic, and they come to him with all their small troubles and invariably get a hearing.

Gen'l Passenger Agent Daniels of the New York Central lines, who has been given charge of the dining car service, deserves the thanks of the traveling public. One of the first orders instructed waiters not to accept "tips." This is a good idea.

The price of milk at this station has been advanced to \$1.61 per forty-quart can delivered at the station. This amounts to \$1.30 per hundred pound, an advance of 20 cents per cwt. over prices paid for the past few months.—Hamilton Republican.

Thomas J. Gore, a Philadelphian who had come unscathed out of military service during the entire Civil war, and thereafter escaped injury during thirty-five years' service as a

railroad man, fell from his bicycle the other day, fractured his skull and died. Fate is ironical as ever, on occasions.

The baleful influence of the credit system in business is forcibly illustrated in the winding up of the affairs of the bankrupt firm of Russell & Birket, of Penn Yan. The accounts of the firm, amounting to \$18,500, were sold in a lump for \$340. Over \$8,000 of these were outlawed. The accounts of Russell & Son, amounting to \$2,500 were sold for \$25.

One day last week P. L. Redick discovered among the fruit in his cellar, put up for winter use, two cans of berries which had fermented beyond all hope of being made palatable again. To get rid of the stuff he dumped it in the hen yard, and a short time after was completely dumbfounded to find 25 of his 30 hitherto well-behaved fowls in a state of beastly intoxication. The gentleman says it was a novel sight, and so it must have been, for it certainly is not often that a fowl sinks to the level of a man in this respect.—Jordan Times.

The Berkeley drowning case, according to a statement made by District Attorney Moran, of Seneca Falls, will be presented to the grand jury of Seneca county. Mr. Moran holds that Dickinson, the student who was with Berkeley at the time, was responsible for Berkeley's death, in that the latter was told to obey the orders of Dickinson while undergoing the preliminary initiation of the Kappa Alpha fraternity. Dickinson should have known the ground before sending him on the errand he did, the District Attorney argues. The accident occurred in Seneca county and is therefore, in the hands of the authorities of that county.

The Boers have not only not forgotten how to shoot but they have not forgotten to provide themselves with the most modern weapons. In every encounter the superiority of their guns and their marksmanship has been apparent. The best work on the British side has been done by the naval battalion that hastened to the defence of Ladysmith. The British army seems to have been about as poorly prepared for a campaign in South Africa as the American army was for the campaign in Cuba. Just contemplate the result of the El Caney fight, had the Spaniards shot as the Boers do.

Certain Boer words that appear frequently in the news dispatches need interpretation for the general reader. "Laager" means camp; the section or ridge where mines are located is the "rend;" "velt" is field or open country; "veldheer" is a field lord or general; "trek" means to make tracks or to move on; "Nek" means the rounded hollow of the dip between any two peaks of a mountain chain. "Nek" should not be confounded with the "pass." For instance; Laing's Nek is a pass, because a road goes over it, but there are neks which are not passes. The name of the interesting central figure Paul Kruger, is pronounced "Krooer" in the Transvaal, but "Kreer" generally elsewhere in South Africa.

Venice Center—West Hill.

The north wind doth blow And we shall have snow, And what will the robin do then poor thing; She'll sit in the barn, and keep herself warm, And hide her head under her wing, poor thing, Hide her head under her wing." Yes, the hiding time has come for the robin as well as larger bipeds.

A blast of old Winter's cold breath whitened the surface of the earth on Saturday night—a harbinger of more to come.

The burning of the Morgan residence aroused much sympathy throughout this community. Great caution is necessary in the use of kerosene lamps. A candle is safer.

Mr. Keenan who was so seriously injured has been removed from Genoa to his home and is recovering as fast as possible.

There is much truth in what the Scipio correspondent says about the modern methods of managing schools. The best district school, if not the very best school, we ever attended, was taught by a young woman not quite 18 years of age. The previous winter she went through the arithmetic without any assistance from her teacher. The following summer she taught a district school of 30 scholars for \$1 per week and boarded at home. "Time once past never returns. The moment that is lost, is lost forever."

Sherwood.

Nov. 13.—Changes take place even in Sherwood. John Smith, who for thirty years has kept a grocery here, has sold out to Mrs. Burns and her brother, Tom Ryan. It has been reopened with an entire new stock of goods. Mr. Smith has bought the place owned by John Clayton, one-half mile south.

The Inglesides came to Sherwood Saturday, but two of the latter's men failed to put in an appearance and Ingleside would not throw out two of theirs, consequently there was no game. Spectators will get tired of coming to see a football game at this place. Bert Ward of Genoa came over to play. Last week Will Brewster from Scipioville, who had never seen a game played went in to play a scrub game and came out with a broken clavicle.

Fred Koon is home from Auburn with an injured finger.

Mrs. Howland's many friends will be pleased to hear of her return from Elmira Sanitarium where she and Isabel have been all summer.

## CLOSING IN ON AGUINALDO

Wheaton Working to Cut Off Filipino Leader's Escape.

WILL CAPTURE APARRI.

The General's Command to Be Considerably Strengthened.

Capture of Aguinaldo Acknowledged to be a Difficult Task—Generals McArthur and Lawton to Guard the South of Luzon—Plans for Ending the Trouble are Perfect.

Manila, Nov. 14.—Major Bell's regiment and a small force of cavalry entered Tarlac Sunday night without opposition. Whither Aguinaldo, with his army and so-called government, has fled is a mystery. The forces of Gen. MacArthur and General Lawton are around Tarlac. Communication with distant points is impossible except by means of the Government wire, which is crowded with official business.

### Wheaton After Aguinaldo.

Washington, D. C., Nov. 14.—In order to prevent the escape of Aguinaldo from Bayombong, General Otis will send an expedition to capture Aparri, on the north coast of Luzon, and after establishing its base at this port the expedition will be conveyed in cascos and light draught vessels down the river Cagayan and its tributary to Bayombong, or wherever Aguinaldo may have established his headquarters.

This expedition will probably be under the command of Brigadier General Wheaton, who has occupied San Rafael, and is under orders to proceed against Dagupan. Before despatching him to Aparri General Otis will reinforce his command, so that it will be able to destroy any bands of hostile natives that it may meet and have ample force to crush Aguinaldo's army when it is finally brought to bay. Generals Lawton and MacArthur will so arrange their forces as to keep Aguinaldo in the north of Luzon until Gen-

(General Wheaton)

eral Wheaton gets in position, when the three commanders will bring their forces to bear upon the point at which Aguinaldo may be located.

General Otis is expected to send several "tinclads" with the expedition, as they will be useful in protecting the troops during the passage down the Cagayan. It had been expected that General Wheaton's expedition would make a short cut across the mountain to get to the north of Aguinaldo, but General Otis has concluded that the wiser plan is to send his command by transports to the north of Luzon and to have Generals MacArthur and Lawton guard the south.

It has become evident to the officials that it will be extremely difficult to catch Aguinaldo. It is pointed out that with the long coast line of the island it would be an easy matter for him to enter a small sailboat and get away, and naval officers predict that if he is captured it will be by the navy and not by the army. The departure of Aguinaldo from Luzon, would, the officials believe, simplify matters, as he is recognized as the head of the insurrection, and his absence would undoubtedly greatly disorganize the enemy and render the suppression of the insurrection all the easier.

### It Alarms the Negroes.

Atlanta, Ga., Nov. 13.—The negroes of Georgia are growing alarmed and desperate over the probability of the passage of the Harwick bill now pending before the State Legislature, which means practically the disfranchisement of the negroes of the State. Booker W. Washington, who passed through Atlanta two days ago, strongly condemned the measure and gave his aid in preparing a memorial, signed by twenty-four prominent negroes of Atlanta, protesting against its enactment. The bill provides that no person unable to read, write and understand any paragraph of the Federal Constitution is qualified for voting in State elections. The negroes say they are willing to lose the ballot if all white persons are included in this restriction.

### Can't Save the Hooker.

Washington, Nov. 13.—Official announcement that the cableship Hooker, wrecked off Corregidor last summer, cannot be saved, has been received at the War Department from Gen. Otis. The dispatch says: "Contractor will save cargo. Quartermaster will remove fittings of value. Sell wrecks."

Porto Cabello Falls After a Furious  
Fight.

Porto Cabello, Venezuela, Nov. 14.  
—General Paredes, a former com-  
mander in the army of President An-  
drade, who had refused the demand  
made upon him by General Cipriano  
Castro and the de facto authorities to  
surrender the town, even when this  
was reinforced by the request of the  
British, American, French, German  
and Dutch commanders, surrendered  
Sunday, after a terrible battle.

The aspect of the city is one of ruin  
and devastation, and it is estimated  
that upward of 650 persons were killed  
or wounded in the fighting.

**THE KENTUCKY ELECTION.**

Omens of Trouble and Both Sides De-  
termined.

Louisville, Ky., Nov. 14.—The friends  
of William Goebel, the Democratic  
candidate for Governor, declare that  
they will blow up the State House  
with dynamite before Bradley shall  
occupy it after Dec. 12. George W.  
Long, Chairman of the Republican  
Campaign Committee, declares that  
Taylor's election is a certainty. He  
declares that Taylor will win by not  
less than 2,000 majority, and that his  
majority may run up to 3,000.

All the armories throughout the  
State are closely guarded, Governor  
Bradley claiming that he has discov-  
ered a plot of the Goebelites to seize  
the arms and ammunition therein.

There is no denying that Democrats  
are greatly concerned over the re-  
turns. Goebel's majorities in strong  
Democratic counties are being re-  
duced. In Kenton county, his home,  
there is a falling off of about 400 votes,  
and Warren, Union, Galloway and Lo-  
gan have taken votes from Goebel and  
given them to Taylor.

The outlook is still serious. The can-  
vass may precipitate a fierce and  
bloody battle, as all the men involved  
are game fighters.

Louisville, Ky., Nov. 14.—The sec-  
ond week of uncertainty regarding the  
result of the balloting for Governor be-  
gins with little prospect of an im-  
mediate definite result. The official  
count has been in progress two days,  
and official returns from a large ma-  
jority of the 119 Counties have nar-  
rowed the contest down to a nose  
finish. Each side claims the election  
of its ticket, but the estimated plural-  
ity of either does not exceed 3,000.

**Fought the Police in Court.**

Rochester, N. Y., Nov. 13.—James  
McLaughlin, attempted to assault Po-  
lice Justice Charles B. Ernst in the  
court room Saturday afternoon. Mc-  
Laughlin had been arrested for at-  
tempting to steal two pairs of slippers  
from the vestry of the Catholic Cath-  
edral. He fought the officers at the  
time and it took a squad of them to  
arrest him. He was just as scrappy  
when he was arraigned in court. Dur-  
ing the proceedings he suddenly broke  
out of the prisoners' box and seizing a  
heavy chair, aimed it at the judge's  
head. Two court attendants grabbed  
him, but he still fought. Four police-  
men who were sitting back of the  
railing vaulted over it and pounced  
upon him and the fight was kept up  
until all the officers had piled on Mc-  
Laughlin and pinned him to the floor.  
When order was restored the Judge,  
who was unharmed, gave the man the  
maximum sentence, one year in the  
penitentiary and a \$500 fine. Mc-  
Laughlin had been arrested a number  
of times before.

**Lawyer Missing From Baldwinsville.**

Baldwinsville, N. Y., Nov. 13.—Law-  
yer Frank P. Tuger of this place mys-  
teriously disappeared last Tuesday  
night, and his friends fear that some-  
thing serious has happened to him.  
He was in Syracuse on election day,  
and returned home on the last trolley  
car that arrives here about 12 o'clock.  
He got off and started for home, but  
returned to the car again, and said he  
wanted to go to Baldwinsville. The  
conductor informed him that he was  
in Baldwinsville, whereupon Tuger got  
off, and has not been heard of since.  
Search has been made in Syracuse and  
here, including the river and canal.

**A Shrinkage in Assets.**

Portland, Me., Nov. 13.—The credi-

have received the preliminary report  
of the assignees. It shows total liabil-  
ities of \$837,000, of which \$775,400 is  
secured by collateral, whose value the  
assignees estimate at \$500,000. Part  
of the assets are corporation securi-  
ties whose face value is \$424,374, and  
which the assignees say cannot bring  
more than \$16,000 in the open market.  
The estimated market value of total  
unpledged assets is \$93,000. No trace  
of Edward E. Deering, the receiving  
teller, who disappeared Sunday, has

IF IT BE true that Col. John Jacob Astor has contributed \$100,000 toward the erection of the Dewey arch, this generous act will raise him still higher in popular esteem as a public-spirited citizen and a genuine American. The country has not yet forgotten how he not only equipped an artillery company from his own private means but himself went to the front, in the war with Spain. The patriotism of this representative of the Astor family shines with all the greater luster when he is placed in contrast with his self-expatriated cousin, William Waldorf Astor. The younger Astor seems determined to clear the family name from reproach; and he will undoubtedly succeed.

THE FALL campaign in the Philippines has been started on energetic and progressive lines. If carried out as projected the Filipino army will be surrounded and the backbone of the rebellion broken. But it is evident that our troops have a fearful obstacle to overcome in the almost impassable condition of the territory in which they are operating—a condition that will not be improved until the effects of the rainy season have passed away.

THERE WAS a very important truth in the remark President McKinley recently made at a town in South Dakota that the "little folks will have to get a new geography. We have a good deal more territory in the United States than when we were boys." Mr. McKinley is still in the early prime of life, but the map of the United States has been changed many times since he was born and always enlarged.

THE INDEPENDENCIA, a Philippino paper, in an editorial article eulogizing W. J. Bryan says: "Mr. Bryan should be pictured in Filipino history with equal glory with Dr. Rizal. Rizal Bryan and Aguinaldo are the glorious trinity for our political redemption." This must be very gratifying to Mr. Bryan.

Gov. ROOSEVELT in his proclamation proposes to return thanks for "the way in which this great people, in the first flush of its mighty manhood, is moving forward to its destiny." Patriotism, as well as prosperity, will be remembered at the thanksgiving board.

The surprise was complete as Mr. Stewart was invited by a friend early in the evening to ride with him to Poplar Ridge, time not being allowed him to change his apparel. When they returned his barn was occupied by horses, carriages were very conspicuous in the yard and the house was filled with guests. Sam wished for a few minutes that he had remained at Poplar Ridge, but he soon entered into the spirit of the joke and enjoyed it as much as the others. The evening was pleasantly spent in games, telling stories and visiting. A very elaborate and delicious supper was served and in the "wee sma' hours" the guests departed.

#### The Town's Law Suits.

AUBURN, N. Y., Nov. 6, 1899.

Dr. F. A. Dudley,  
Supervisor of Town of Genoa,  
King Ferry, N. Y.

DEAR SIR:—Enclosed herewith you will find our bill which we have made out in accordance with your request, and which we trust will be satisfactory to you and the town board. As you already know, the main case, the Oswego County Savings Bank against the town, was tried before Judge Hiscock in May last and decided in favor of the town. An appeal was promptly taken by the attorneys for the plaintiff from this decision, and the record is now being made up for argument of the appeal. It is probable that the case will be heard in the Appellate Division of the Supreme Court in the latter part of January.

Early in the year Messrs. Piper & Rice of Fulton began four separate actions for as many plaintiffs against the town, which are now pending. In these actions a stipulation was made that the evidence taken in Oswego County Savings Bank case might be used by either party on the trial of those cases, and it was further stipulated that until the final determination of the suit brought by the Oswego County Savings Bank (including the final determinations of any appeals taken therein) neither party should move any of said actions for trial.

Under this stipulation these actions will practically bide the event of the main action and nothing further will be done in them until the final decision of the action brought by the Oswego County Savings Bank.

Messrs. Piper & Rice have brought four actions for the same plaintiffs against John L. King, as railroad commissioner of the town, to recover their proportion of the interest for the year 1888, raised by taxation, and now in the hands of the railroad commissioner. These actions are similar to an action brought by the Chenango Valley Savings Bank for the same purpose. The action bro't by the Chenango Valley Savings Bank is expected to be tried at Binghamton the latter part of this month. It is not probable that the cases bro't by Messrs. Piper & Rice will be moved for trial until after the disposition of the Chenango Valley Savings Bank case, and it has been stipulated that but one of the four cases brought by Messrs. Piper & Rice against the commissioner shall be tried, and that the other of these actions shall not be moved for trial until the final determination of the case so selected for trial.

There are, therefore, today pending against the town the following actions: One brought by the Oswego County Savings Bank in which judgment has been rendered in favor of the town, and an appeal taken by the plaintiff; one brought by the Chenango Valley Savings Bank; one bro't by the Fulton Savings Bank; one brought by George B. Sloan; one brought by John W. Pratt, and one brought by Albert K. Baldwin; and against the railroad commissioner there are now pending five suits; one brought by the Oswego County Savings Bank; one brought by the Chenango Valley Savings Bank; one brought by the Fulton Savings Bank; one brought by George B. Sloan, and one brought by John W. Pratt.

We think the cases are in satisfactory shape to settle definitely, and at as little expense as possible, the question of the liability of the town; and we hope that the next year may be as fruitful of good results as the past one has been.

Very truly yours,  
UNDERWOOD, STORKE & SEWARD.

Evidently some parents do not understand the statute known as the compulsory education law. For the benefit of these parents in particular we print the law:

Sec. 4. Every person in parental relation to a child between eight and sixteen years of age in proper physical and mental condition to attend school shall cause such child to so attend upon instruction, or must present to the school authorities of the city or district, proof by affidavit that he is unable to compel such child to attend. A violation of this section shall be a misdemeanor, punishable for the first offense by a fine not exceeding fifty dollars or by imprisonment not exceeding thirty days or by both such fine and imprisonment.

Cases of habitual absence from our school may be reported to the truant officer, Constable Gillespie, who will proceed as the law directs.

—Farmers who invest their money in machinery and tools and then leave them exposed to the weather

are as foolish as the man who would loan money to a spendthrift without security. It is a dead loss in either case. House your machinery. Do it the moment you are through using it, and then the deed is done, and money saved.

**Star Entertainment Course.**

Genoa is to have a lecture course. Arrangements are being made to give the people of this vicinity a series of four first class entertainments at the nominal price of \$1. The price of this course is equal to what many towns have paid for five entertainments—quality and not quantity being the first consideration of the committee. In order to secure this series it will be necessary for the people to take right hold of it with a will. The course tickets will be sold for a dollar. Course tickets for children between the ages of 12 and 15 will be 50 cents. Two children under 12 years will be admitted free if accompanied by holders of course tickets. A committee composed of Dr. Slocum, Rev. W. A. Pugsley, F. C. Hagin, D. W. Smith and C. A. Ames are canvassing the community for the sale of tickets, and one of them will call upon you probably. It is necessary to secure the sale of about 200 course tickets to enable the committee to contract for the series, and we are glad to state that they are meeting with excellent success thus far. Following is the series now in view:

The Vitale Bird Concert Company, consisting of Signor Guiseppe Vitale, pupil of Ole Bull and as good a violinist as there is in this country, Miss Ella M. Chamberlain, whistling soloist, and Miss Caroline Belle Nichols, reader and elocutionist.

Dr. N. McGee Waters, lecturer and wit, who entertains as well as speaks.

The Cecilian Quartet Concert Co., including Edwin B. Weeks, tenor soloist, humorist and impersonator. His sketch, "David Harum in the Hoss Trade" is alone worth the price of admission.

A. W. Hawks, the laughing philosopher, who lectures on several different subjects, and is invariably called for a return date.

Since the above was put in type, the lyceum manager has been in Genoa and finished the arrangements. The date of the first concert is Thursday, Nov. 23; the other dates will be announced later. Each of the above entertainments is in the Auburn course this winter, which is a guaranty that they are all first-class. A short time will tell if the people want really first-class entertainments here. Let there be no holding back.

**Musical.**

On Saturday afternoon, November 11, Miss Clara Lanterman entertained her pupils and their mothers at a very enjoyable musical. The fine double parlors of her home in King Ferry were tastefully decorated with chrysanthemums, the lowered shades excluded the gloomy, rainy November weather, the cheerful lamplight and warm air of welcome being a pleasing contrast. There were solos, duets and trios rendered upon the piano by Miss Lanterman and her pupils, in all fourteen numbers consisting of marches, waltzes, mazurkas and melodies. These were rendered in a way that proved conclusively that Miss Lanterman is a music teacher capable of inspiring her pupils with an earnest purpose to excel. She is a progressive woman who has spent years in pursuit of her object, and has attained great proficiency as a performer and teacher of music.

The real worth of a desk is not entirely in its utility. A slab planed smooth on one side and set on legs will do to write on. **British Troops Massing at Durban for Relief of Ladysmith—Large Force Will go to the Assistance of General White—Ladysmith Completely Enveloped in Smoke.**

Estcourt, Natal, Nov. 14.—Heavy firing is proceeding in the direction of Ladysmith. Some reports are so much heavier than any heard previously as to lead to a general belief that the British heavy naval guns are active again.

The safe arrived at Ladysmith of Lieutenant Hooper of the Fifth Lancers shows that communication with the garrison is possible. He was anxious to rejoin his regiment and started hence, accompanied by a Natal policeman. They succeeded in traversing the Boer lines.

A party which rode out several miles to observe the bombardment of Ladysmith could see a "long tom," a 40-pounder, posted on the railway side of the Bulwara, firing at intervals of six to eight minutes. Another gun was observed in operation a little distance away. Puffs of smoke were discernible on the opposite side, showing that Ladysmith was withstanding a big bombardment. The locality of the town was a huge caldron of smoke.

**Boer Invasion Begins.**

London, Nov. 14.—News from South Africa indicates that the Boer invasion of the eastern part of Northern Cape Colony seems to have begun in earnest. A Boer commando is moving in the neighborhood of Allwal North. Detachments have gone round to the south of the town, as the telegraph line has been cut and the railway torn up, destroying communications.

The Boers have been seen close to De Aar. Colesberg also reports invading forces approaching.

Confirming this advance of the Boers comes a despatch to the Secretary of State for War, with news of a skirmish near Belmont, eighteen miles north of the Orange River, a station on the Kimberley line, in which Lieutenant Colonel Cecil Keith Falconer was killed and four lieutenants were wounded. As Belmont is fifty-three miles south of Kimberley as the crow flies and eighty-six miles north of De Aar by the same measurement. It would appear that a strong force of Boers has established itself on the main line of communication from Kimberley south to Hopetown, De Aar and Cape Town.

The wounded officers include some of the North Lancashire regiment. It is not stated what the British column's strength is, but it is believed it was probably a full battalion composed of the North Lancashire regiment and the Northumberland Fusiliers.

This information is the first that has been received as to the whereabouts of the Northumberland Fusiliers since they landed.

It is clear that the Boers are assembling on the Orange River in great numbers. Everything points to this district becoming eventually the centre of fierce encounters.

Absence of fuller news from this region is taken to indicate that something important is happening there. It is quite likely that before long developments there will throw the Ladysmith situation wholly into the shade.

Durban is now the centre of preparations for the relief of Ladysmith. A naval brigade from the cruiser Terrible has been landed. Other warships, either in port or expected shortly, will do the same.

Within a week fully six thousand men will arrive on transports, and the forward movement to reinforce General White will be begun.

No news of any further fighting at Ladysmith has been received so far. As is known, Ladysmith can hold out as long as required. It is stated that there are unexpected stores there, which will astonish the Boers when they deliver their attack. In the meantime the guns sent up to defend the town are silent, either because they have not been successfully mounted or from a desire to husband the ammunition.

Efforts are being made to restore communication by means of the heliograph. Fuller details of the exact position are expected within a few days.

One of the most ominous features in the attitude of the Boers is that they have not destroyed the railway bridge over the Tugela River at Colenso. They have expressed the intention of capturing Ladysmith and then marching on the capital of Natal. Their retaining the Bulwer bridge intact argues that they are very confident of success in their present operations. They are certainly concealing a strong force and will bring down as many guns as possible. Every hour's delay in the Boers delivering a general attack means gain to the British.

**Murderer's Skeleton Found.**

Mound City, Ill., Nov. 13.—Since June 21 last, when Michael Tobin murdered Major Thomas A. Fitzpatrick of this city, the whereabouts of Tobin remained a mystery until Saturday, when his skeleton was found under a tree in the woods, two miles north-

The bones were intact and showed that the body had reclined against the tree. Between the legs was the shotgun with which Tobin killed Major Fitzpatrick. A string was attached to the right foot and to the trigger of the gun. Tobin undoubtedly had committed suicide.

A Review of What Has Transpired of Public Interest.

**Cheyenne, Wyo., Nov. 11.**—An east-bound Union Pacific freight train was wrecked five miles west of here. Six cars were piled up and 400 feet of the track damaged. **Boston, Nov. 11.**—After a large display of oratory the Common Council Thursday night passed a resolution expressing disapproval of the project for erecting a monument on the Common to the memory of the British soldiers whose bodies are supposed to lie scattered and unmarked beneath the historic sods. The Mayor was requested to withdraw his approval of the plan.

**Washington, D. C., Nov. 11.**—Admiral George Dewey and Mrs. Mildred McLean Hazen were married Thursday at St. Paul's Catholic Church by Rev. James F. Mackin.

(Mrs. Dewey nee Hazen.)  
Mrs. Dewey's nervous condition. The sudden notoriety, the rush of the reporters and interviewers from near and far, the column of near and fictitious matter in the newspapers, the plague of curiosity seekers, both at home and during her visit to New York, so suddenly cut short, were un-termining the health of the modest little woman, and it was decided that the sooner she became Mrs. Dewey and dropped out of public sight the better it would be for her health and happiness. Hence the sudden rush of Lieut. Caldwell to the marriage license bureau Wednesday and the subsequent proceedings of so much interest to the public. Lieut. Caldwell acted in the capacity of best man. The ceremony was strictly private and of the simplest character. The bride and groom went to New York to spend their honeymoon.

**Seattle, Nov. 15.**—As an introduction to a local rate war between the three transcontinental lines, first and second-class tickets to Chicago and

Atlantic coast points have dropped \$6. The trouble began through alleged rate-cutting by the Great Northern.

**Seattle, Nov. 13.**—Colonel C. M. Sheaf, who has just returned from Cape Nome, asserts that the gold belt of that district extends across Behring Sea and into Siberia. Colonel Sheaf says reputable miners insist that there is no doubt of the truth of that assertion.

**Portland, Ore., Nov. 13.**—A despatch to the Oregonian from Ashland says: "The Carlsband-Walters Copper mine property, south of the Oregon-California boundary line, near Coles Station, has been sold to the Siskiyou Copper Company of Rossland, B. C. It is said that the consideration was \$700,000."

**Matawan, N. J., Nov. 13.**—Friday was the first of the open season in New Jersey for rabbits and quail. By the time the sun rose the woods of Monmouth County and Eastern Middlesex were full of hunters, and the pop of the guns could be heard in all directions. Game is reported plentiful in this vicinity.

**London, Nov. 13.**—The British steamship Benwick, Capt. Warsdale, reports from Longhope, Orkney Islands, that she left the British steamship Coquet, Capt. Carrod, from Quebec Oct. 3, for Sunderland, in distress 100 miles north of Unst Island in the Shetlands Nov. 7, with propeller gone and provisions exhausted. The Benwick had towed the Coquet until the former's coal had become exhausted and the warps gave out.

**Washington, D. C., Nov. 13.**—Admiral Schley was made a Knight Templar Friday night. About weeks ago he was taken into theasonic Order, and, with unusual rarity was advanced through the Blue Lodge and Chapter. Friday night he was taken into Columbia Commandery, No. 2, of this city, becoming thereby a Knight Templar. The Admiral's progress has been exceedingly rapid, dispensations being granted so he could obtain his degrees before sailing for South America.

**Topeka, Kan., Nov. 13.**—The congregation of the Rev. C. M. Sheldon, who wrote "In His Steps," has adopted a new creed which will be substituted for the Apostolic creed. A committee of the congregation met Friday evening to perfect the new creed.

**New Haven, Conn., Nov. 13.**—The charred body of Jared Blakeslee, sixty years old, who lived the life of a recluse, has been found in the ruins of his hut in the town of Hamden. It is believed that while intoxicated he overturned a lamp, which set fire to the place. At one time his family was a wealthy one residing in Hamden.

**New York, Nov. 13.**—Admiral and Mrs. Dewey are still guests at the Waldorf-Astoria and will, it is understood, remain in the city until the middle of next week. Aside from a drive through Central Park Friday afternoon and being gazed at by crowds of the curious, the day was uneventful for the newly married couple.

**Chicago, Nov. 13.**—Alfred Griffiths, better known as "Young Griffo," one of the cleverest boxers who ever stepped into the ring, is free again. Griffo was released from the County Insane Asylum, at Dunning, after ten months of confinement. The authorities pronounce him sane, but it is doubtful if he will ever enter a ring again.

**London, Nov. 13.**—Sir Thomas Lip-ton has definitely announced that he will challenge again for the America's Cup. "I have already begun arrangements," he declared in an interview, "and hope to have the formal challenge in before Christmas. I have not yet decided on either yacht or builder."

**Albany, N. Y., Nov. 13.**—Charles E. Olsen, a Swede, aged thirty-five years, of Pencoed, Pa., who was employed on the work of constructing the Maiden Lane bridge, has been injured, perhaps fatally. Olsen was ordered by the foreman to remove a keg of nails which was on the track in the way of an approaching engine. He carried out the order, but to save himself from being run over he was forced to jump

from the trestle work into the river.

**Cleveland, Nov. 13.**—Senator Hanna says that the national Republican committee will be called together in Washington within a few days. The meeting is to be held probably on Dec. 13 or 14. The exact date is not to be decided until next week. The committee will choose the date and place for holding the next national convention. There are two vacancies on the committee. They are to be filled at the forthcoming sessions of that body.

**Litchfield, Conn., Nov. 13.**—Litchfield never saw such an ovation as that extended to Lieutenant-Commander George P. Colvocoresses, executive officer on Dewey's flagship at Manila, who has returned to his native town after an absence of two years. A monster parade was reviewed by the Lieutenant-Commander on the green. After an address by Senator O. H. Platt the officer was presented with a handsomely engraved sword.

**Albany, N. Y., Nov. 13.**—Mr. Lewis of Rochester was in the city Friday and saw Governor Roosevelt relative to the introduction of a bill in the legislature this winter for the repeal of the Horton "prize fight" law. Mr. Lewis holds that all prize fights are brutal, and that it is a standing disgrace to the state to permit such a law on its statute books. The bill was reported from committee last year by a close vote, but it failed of passage in the Assembly.

**Philadelphia, Nov. 14.**—Three of the striking employes of Cramps' Shipyard, John J. Keegan, business agent of the International Association of Machinists, and Frederick Counselman, treasurer of the machinists' organization, have been arrested and held in \$2,000 bail each on a charge of inciting riot. The strikers under arrest are Hugh Boyd, Thomas Wilson and Joseph Melon.

The direct cause of the arrests was the refusal of the men to move away from the vicinity of the shipyard when ordered to do so by the police. The strikers say that the arrests were made to offset the possible arrest of a Cramp superintendent for whom a warrant was issued last Tuesday.

**Washington, Nov. 14.**—Indications that Brigadier-General Leonard Wood is likely to soon succeed Major General Brooke as Governor of Cuba continue to accumulate, although it cannot be stated that the change has yet been decided upon.

It is stated that President McKinley has sent to New York to secure the opinion of General Ludlow as to the advisability of making the change. General Lee also will be consulted, it is said. Until a decision is reached as to the advisability of making a change in the Governorship no alteration in the present military force in the island is likely to be decided upon. If General Brooke is called elsewhere the opinion of the new Governor as to the advisability of reducing the garrison in Cuba will largely govern the size of the force that is to remain there.

LaGrippe, with its after effects, annually destroys thousands of people. It may be quickly cured by the Strate Cough Cure, the only remedy that produces immediate results in coughs, colds, croup, bronchitis, pneumonia, and throat and lung troubles. It will prevent consumption. J. S. Banker.
