

## Village and Vicinity News.

School meeting next Tuesday evening, May 2.

Miss Hazel Bethel is assisting in Singer's store.

Miss Mary Smith is visiting friends in Auburn.

M. G. Shapero was in Syracuse from Saturday to Wednesday of this week.

Get your new hat at Mrs. Singer's, Genoa.

Farmers have done some plowing but most land is too wet to be plowed yet.

Miss Anna Myer returned to her school work in the Cortland Normal Monday afternoon.

Easter Sunday was a dark, disagreeable day, a light rain falling most of the time.

Mrs. W. H. Mosher of Auburn was an Easter guest of her parents, Mr. and Mrs. C. J. Foster.

A new roof is being put on the main part of the High school building. Neponset shingles are being used.

Misses Louise and Alice Montgomery of Auburn were Easter guests of their sister, Mrs. Morell Wilson and family.

Millinery—Trimmed and untrimmed hats and millinery novelties at the lowest prices. Mrs. Lena Mack, Genoa, opposite Dr. Skinner's.

Mrs. Howe and Mrs. Turner of Fair Haven are guests of their daughter and sister, Mrs. C. J. Wheeler, this week.

D. C. Mosher, for the past three years manager of the Banker Hardware store, has given up the position on account of ill health.

Mrs. Rachel Sanford has so far recovered from her recent illness that she will return in a day or two from the hospital to her home.

Rev. and Mrs. L. W. Scott were in Syracuse Tuesday and Wednesday. Mr. Scott attended a conference on Home Missions, being one of the speakers on the program.

Mrs. A. B. Fox, who had been visiting her daughter, Mrs. L. B. Norman, returned to Ithaca Tuesday. Mrs. Norman went to Ithaca with her to spend a few days.

Chas. Dean has had rather an unfortunate week. Monday, he stepped on a nail and suffered from that for a few days. Now he is quite ill with the mumps.

Mrs. F. D. Brinkerhoff was at East Lansing Monday to attend the funeral of her sister, Mrs. C. F. Benson, an account of whose death appears in another column.

Mr. and Mrs. Millard Green and two children of Groton were Sunday guests of Mr. and Mrs. Frank Miller. The little daughter and son remained to spend two weeks with their grandparents.

Announcements have been received in town of the marriage of Miss Grace Lillian Gazlay of Hamilton to Mr. Rodney Shurger of Earlville, formerly of Genoa. Mr. and Mrs. Shurger will reside at the home of the former in Earlville.

Ice cream and sodas at Mrs. Singer's, Genoa.

R. W. Hawley of Moravia spent Easter at the home of Mrs. A. Lanterman. Mrs. Hawley has been here several weeks caring for her sister, Mrs. Lanterman, who has been a great sufferer with rheumatism for more than five weeks. She is much improved this week.

The ninety-seventh anniversary of the establishment of the Independent Order of Odd Fellows in America is being celebrated throughout the country. The local lodge will celebrate the event in appropriate manner at the regular meeting on Wednesday evening, May 3. Refreshments will be served, following the session.

By proclamation of the state commissioner of health, Dr. H. M. Biggs, next week will be official "Clean-Up Week" for the state. As suggested by Dr. Biggs, everything should be done to put our houses and premises in a sanitary condition for warm weather. All rubbish and filth of all kinds should be removed, ash piles and tin cans removed, lawns and barnyards cleaned up, cellars thoroughly cleaned, and everything made fly-proof. Genoa should get in line with other towns in a general clean-up. Let each family do their part in this campaign, and what a transformation will take place.

L. B. Norman spent Sunday at his home here.

W. R. Mosher spent Easter with friends at Moravia.

Mrs. Wm. Loomis is spending a few days with relatives in Auburn.

Mr. and Mrs. Hugh Tighe were over-Sunday guests of friends in Rochester.

The Cortland summer school will be held this year from June 27 to August 4.

Mr. F. L. McCausland of Rochester was a Sunday guest at the home of G. B. Springer.

Mrs. Chas. N. Tupper of East Genoa was an over-Sunday guest of Auburn friends.

Mr. and Mrs. Chas. Bower of Lansingville spent Sunday with Mr. and Mrs. D. C. Mosher.

Mrs. Chas. Cannon and daughter Marjory are spending several days with Mrs. Emeline Shaw.

Mr. Andrew Brink of North Lansing was a Sunday guest at the home of his sister, Mrs. Geo. Curtis.

Calvin Atwood and daughter, Miss Celia, reached their home at East Genoa, Saturday last, after spending the winter in Florida.

We have a limited quantity of good eating potatoes on the way. If you desire any, book your orders at Clear View, Genoa or Venice Center promptly.

Attention of W. C. T. U. members is called to the program of the institute to be held May 9 at Port Byron, which is given in full in this issue.

Chas. Decker of Skaneateles was in town Saturday, being called to this vicinity by the death of his sister, Mrs. C. F. Benson, of West Groton.

The Rebekah lodge of Five Corners will hold a dance at Odd Fellows hall, on Friday evening, May 5. Smith's orchestra of Genoa will furnish the music.

Governor Whitman has signed Assemblyman Witter's bill providing for the election of school directors at the biennial town meeting in towns holding spring elections.

Mrs. L. B. Mead returned Wednesday evening from East Lansing, where she spent a few days at the home of her brother, and attended the funeral of Mrs. C. F. Benson on Monday.

Up-to-date millinery at right prices, at Mrs. Singer's, Genoa.

Mrs. Emmeline Pankhurst, the noted suffragette of England, gave an address to Wells College students at Aurora on Thursday afternoon of last week.

As one result of the "see-America first" crusade consequent to the European war, more people visited the Yellowstone park last year than in any previous year in its history.

Geo. F. Wills, a prominent citizen of Auburn, was struck by an automobile Thursday evening on South St., in that city and received injuries which caused his death at 3 o'clock Friday morning.

Mrs. H. Hugunin and children returned to their home at Ludlowville Friday last after visiting her mother, Mrs. Minnie Close. While here the children had the measles and the house was quarantined.

There are now engaged in agriculture 375,000 persons in this State, out of the total population of 9,687,744. There are 57 cities in the State and 465 incorporated villages, both having a population of more than 8,000,000, leaving only 20 per cent in the rural districts, part of whom are engaged in agriculture.

Auburn Chamber of Commerce will be represented at the Lake Mohonk Conference on International Arbitration to be held at Mohonk Lake, N. Y., on May 17 to 19, by Superintendent of schools and Mrs. Henry D. Hervey. The delegates will be the personal guests of Mr. and Mrs. Daniel Smiley at the Lake Mohonk Mountain House.

Rev. Geo. A. Pearsall, a well known Methodist clergyman, died at his home in Port Byron on Thursday, April 20, aged 69 years. His ministry covered the greater part of his life. Surviving are a wife and two daughters, Mrs. Florence Roberts of Summerhill and Mrs. Howard Derby of Port Byron and one sister, Mrs. Henry Webb of Moravia. A short service was held from the late home Friday at 2 o'clock, and the body taken to Moravia, where the funeral was held from the home of Mrs. Webb, Saturday morning. Rev. E. J. Brooker, pastor of the Methodist Episcopal church, officiated at both services.

The residence of C. J. Foster is being newly painted.

Mr. and Mrs. Chas. Ford are again residing at J. M. Tarbell's.

Frank S. Mitchell, cashier of the DeRuyter Banking company, died recently aged 56 years.

Burglars who looted the post-office at Savannah recently carried away 822 money order forms.

The way of many who are not transgressors is likewise hard, but there is no ready explanation for that.

Misses Mary and Emma Waldo were among those who heard Mme. Schumann-Heink in Auburn Tuesday evening.

William Lamey of Auburn will celebrate his ninety-ninth birthday on Monday, May 1. He is said to be the oldest Odd Fellow in the world.

Warren M. Brinkerhoff of Auburn is already making plans for the annual picnic of 6,000 boys and girls of Auburn, to be held at Lakeside Park in June.

Paderewski has given all his fortune—a million dollars, for the relief of stricken Poland. Here is an idea for persons who like to talk about what they would do if they had a million.

Joseph and Rose Uher, indicted by the grand jury of Tompkins county for excise violations at Ludlowville, were fined \$200 each in Supreme Court. Sentences of six months in the penitentiary were suspended.

Robert L. Zabriskie of Aurora has been appointed a delegate to the Second World Court Congress to be held in Carnegie hall, New York, May 2, 3, 4, by the New York State League of the World's Court League Inc. of New York.

The marriage of Miss Elma Belle Stanton, and George Leonard Lyke, both of Seneca Falls, took place Sunday evening last at the rectory of Trinity church in that place. Rev. William B. Clarke performed the ceremony.

A number of farm owners in Cayuga county have leased land to the Red Sand Natural Gas company, and drilling for oil will probably be begun during the present season. It is believed a belt of oil runs through Central Cayuga and Seneca counties.

Jennie Babcock, the 14-year-old daughter of Mr. and Mrs. George Babcock of the town of Fleming, was taken last Friday to the Auburn City hospital where she underwent an operation for appendicitis. The operation was performed by Dr. Ledra Heazlit.

Frank T. Brock's planing mill, lumber yard and feed mill at Ithaca were damaged by fire last Friday night to the extent of \$8,000. That the damage was not much greater is considered a remarkable achievement on the part of the fire department. The loss is fully covered by insurance.

L. H. Jayne '16, of the Cornell Varsity debate team won the New York State Peace League contest in Syracuse with a speech entitled "The Common People." The prize consisted of \$200 and the right to represent Cornell in the interstate contest to be held in Massachusetts on May 1.

California now produces about three times as many raisins yearly as Spain, the home of the raisin industry. Growth of the American raisin industry has reduced raisin imports from 38,000,000 pounds in 1885 to less than 3,000,000 pounds last year when California produced 250,000,000 pounds.

Mrs. Ella A. Boole of Brooklyn, State president of the W. C. T. U., who is coming to Port Byron for the county institute, May 9, will give an address at Union Springs on Monday evening, May 8. The people of that community will be afforded an unusual opportunity to hear such an interesting and pleasing speaker on a much discussed subject.

Miss Caroline C. Roe, a member of the Senior Class of Wells College, captured the English prize of \$50, which is offered each year by the Wells College Eastern Association for the best English essay. Miss Roe is a daughter of Dr. and Mrs. W. E. Roe of Jamestown, N. D., who formerly resided in this vicinity, Mr. Roe having been pastor of Presbyterian churches at King Ferry and Auburn.

## Diamonds ARE Trumps

Diamonds are good to have and to hold anytime, but this month they are TRUMPS. The Diamond is the April birthstone. But when you buy a Diamond—when you give a Diamond—be sure it is a diamond of QUALITY.

We handle none but high grade stones. Every one is personally selected for its perfection of cut and color. You are safe in buying Diamonds here.

## Genoa Presbyterian Church.

Morning service at 11 o'clock. Last Sunday we had an unusually good service. In spite of the rain there was a very good attendance. The chorus choir was very much appreciated by everyone. We were glad to welcome into the fellowship of the church, several of the younger members of the congregation. Under the direction of Miss Emma Waldo, the church was very tastefully decorated.

Sunday school at close of morning service. This service is growing in interest, but is worthy of a much better support on the part of the older members of the church.

Christian Endeavor at 6:45.

Evening service at 7:30. If you like to sing, come and have a part in this service. Last Sunday evening the music was fine. We are hoping to have an added treat for this service some evening. Be sure and not miss it.

Mid-week service Thursday evening at 7:30.

## Buy It Now

Our merchants are ready for you with a big spring line stocked up ahead of time. Start your dollars rolling. They'll come back.

Trains No. 21 and 23 going South, and No. 22 and 24 going North are the motor cars and do NOT stop at Flag stations. Sunday trains No. 422 and 421 are the motor cars and these stop at all stations.

Additional Trains between Ithaca and Rogues Harbor leave Ithaca 10:00, (daily except Sunday) 12:15, (Sunday only) 2:00 and 4:40 daily and 9:30 p. m. (Saturday only.) Also leave Rogues Harbor at 10:40 a. m. (daily except Sunday) 12:50 (Sunday only) 2:35 and 5:15 p. m., daily, and 10:05 p. m. Saturday only.

## OUR COFFEE

HAS MADE US MANY FRIENDS

First of all they were coffee Customers only. Then one day they decided to try some of our Tea.

They like both, then they are our steady Tea and Coffee customers.

Then they noticed that our Canned Goods looked pretty good. Tried them, Delighted—and so it goes.

Our eatables aren't good ONLY IN SPOTS. It's our aim to have the stock faultless through and through.

That's a high standard to set. Naturally once in a while we fall below it.

BUT THAT'S OUR AIM.

And in attempting this we get just about as high an average of grocery goodness as any store in this country.

You may as well benefit.

# CHAUTAUQUA ENTERS NEW PHASE

Permanence of Parent Institution of Chautauqua Movement Now Definitely Established.

Over Quarter Million Dollars Being Spent on Plant at Chautauqua, N. Y., This Year. Making Largest Single Year's Development in History of the Movement Since 1874—New Entrances, Public Buildings, and Residences, All of Permanent Construction. City of Tents No Longer the Type to Represent the Chautauqua Idea.

NEW developments which are going on at Chautauqua, N. Y., in buildings, approaches and transportation facilities differ greatly from the prevailing notion of a chautauqua as a transitory thing. Brick paved highways, double track inter-urban car lines, entrances of brick and concrete in good architectural design, landscape treatment on a broad scale, educational buildings in comprehensive groups, hotel rooms with steam heat and other like conveniences, private residences costing a fortune to build do not grow up around an enterprise of fleeting character, yet all these things are taking shape this spring at Chautauqua. The fact is that the parent institution of the Chautauqua movement, on Chautauqua Lake, has within a decade passed into a wholly new phase, the "city of tents" giving way very fast to a city that "has foundations." Electric light and power plants, gas mains, water supply and sewage systems, paved sidewalks,

involves also the double tracking of the trolley line, the laying of needed switches and the construction of a new and complete station. The plans for the station building are by Freeburg & Fidler, architects, of Jamestown, N. Y. There will be a double track in front and a switch to the rear for freight, baggage and express. The building will be 50 by 225, built of red brick, stone and concrete. The design will harmonize with the present permanent Institution buildings, with red tile roof and wide, projecting eaves. The outside passenger platform will be 28 by 72, so arranged that outgoing and incoming traffic may be separated. On the inside will be the institution ticket office with incoming and outgoing passes, the exchange office, news and candy stands and the rest room for ladies. Toilet rooms, inside and outside, will be provided for both sexes. Adjoining the traction ticket office will be the baggage department with checking and transfer offices, the freight department and the express department, all to have ample platform space for

park and the natural beauty of a stream and ravine at that point will be enhanced by planting trees and shrubs. A plaza near the station has also been reserved for park use. The planning of this addition has been done by George Y. Skinner, a specialist connected with the New York firm of Samuel Parsons & Co., landscape architects.

The Chautauqua High School, the Institution Garage and car parking place, the excellent Chautauqua golf links and the industrial center comprising repair shops of various kinds are located west of the Chautauqua enclosure on the highway and trolley line.

**Chautauqua's New Water Gate.** Second in importance to the improvements of the land gate at Chautauqua, now under way, is the construction of the new pier building, on the site of the old wooden structure, which was torn down last fall. The Miller Memorial Bell Tower, erected in memory of the late Lewis Miller of Akron, O., co-founder with Bishop John H. Vin-

try and serve as a place for study on broad lines at a small expense.

**New Music Studio at Chautauqua.** The interest in orchestral and choral music at Chautauqua, which has made the Chautauqua Music Week one of the annual music events of America affects also the Chautauqua Summer School of Music. Each year sees some improvement in the facilities for music study at Chautauqua, and this year a new practice studio will supply a greatly demanded addition to the plant of the music department.

The new building will occupy a position on the slope south of the Sherwood Memorial building, which all visitors remember, and will conform in style to the architecture of the College Hill group.

**The Packard Estate at Chautauqua.**

The first really pretentious country estate to be built on Chautauqua Lake has been laid out by Mr. William D. Packard of Warren, O., a member of the Packard Car Company, on a large tract adjoining the Institution grounds on the north. Landscape work has been under way all winter. Mr. Packard is the son of the late Warren D. Packard, one of the pioneer summer residents of Chautauqua Lake and one of those influential in the development of Lakewood several years ago.

The property which Mr. Packard has bought lies between the Chautauqua Traction Company's line and the

lake and along the north boundary of the Chautauqua Institution enclosure. From this particular point there is an unexcelled view from Mayville on the north to Long Point on the south, and it is undoubtedly one of the most desirable residence sites of the entire lake region.

The house is to be three stories high, of brick, stone and steel construction, red tile roof, absolutely fireproof. It is set in a grove of elms, which surround it on all sides but one, that facing the lake.

Directly to the south of the residence gardens are planned, terminating in a wild growth of shrubbery, threaded with trails leading to the docks and bathhouse, to an artificial waterfall, a lily pond, tennis courts and vegetable gardens.

A cottage for the gatekeeper and tenants is now under construction, and other buildings will adjoin this cottage.

The landscape work has been done under the direction of Mr. H. L. Avery of Cleveland. Eighty-four full grown trees, mostly elms, have been transplanted by Mr. Herbert L. Hyatt of Cleveland, forester, who has transformed an uninteresting, bare hillside into a well wooded slope. A great quantity of small planting is also being done.

The Packard residence when completed will probably represent an expenditure close to \$175,000.

**Larger Hotel Accommodations at Chautauqua.**

Among the many excellent boarding houses at Chautauqua, that erected this winter by Mrs. A. J. Lewis and known as the St. Elmo will command attention. It is a handsome and commodious new structure and by its artistic blending into the general architectural scheme of the central plaza is a real ornament to the place. It will contain many steam heated rooms with private baths. Mrs. Lewis has shown very positive faith in the future of Chautauqua.

Hotel Athenaeum is building an addition to its service equipment. Several boarding houses and private cottages are being built or enlarged.

**Fenton Home For Methodist Deaconesses.**

In addition to projects already well under way at Chautauqua, N. Y., such as a new pier building, new traction station, new school buildings and boarding houses, there are expectations concerning a home for Methodist Deaconesses provided for in the will of the late James Fenton of Buffalo, N. Y. This his executor hopes to build this spring at an approximate cost of \$25,000 to \$30,000. The construction will be of brick and stone and will be a most desirable addition to the new Chautauqua buildings of permanent type. The year 1916 is clearly to go down as extraordinary for physical growth at Chautauqua.

ARCHITECT'S SKETCH OF SUMMER SCHOOLS BUILDINGS OF CHAUTAUQUA INSTITUTION, CHAUTAUQUA, N. Y., AS THEY WILL APPEAR WHEN COMPLETED. ABOUT HALF THE BUILDING WILL BE USED IN 1916 BY THE 3,000 STUDENTS OF THE SUMMER SCHOOLS.

PACKARD ESTATE ON CHAUTAUQUA LAKE, ADJOINING CHAUTAUQUA INSTITUTION GROUNDS. THIS PALATIAL NEW RESIDENCE WILL BE OCCUPIED BY ITS OWNERS THIS SUMMER. BOTTOM SECTION OF CUT SHOWS MODEL OF THE GROUNDS.

year-round office buildings of fire proof or slow burning construction are among the things that one by one have supplanted the earlier makeshifts. Over a quarter of a million dollars is just now being expended to present the assembly to 1916 visitors in its new character as a permanent institution, definitely come to stay.

The Chautauqua assembly at Chautauqua, N. Y., will this summer offer to the visitor's view two important and striking improvements in two approaches—the water gate or pier, where will enter the visitor coming by steamboat from other points on Lake Chautauqua, and the land gate, where will enter the visitor coming by trolley from any direction or by motorcar over the excellent highway which connects with the great east and west thoroughfare at Westfield, N. Y.

**Chautauqua's New Land Gate.**

The general highway improvement is the most extensive enterprise now under way at Chautauqua, N. Y. This has been secured by generous co-operation with Chautauqua Institution on the part of the State of New York, the county of Chautauqua and the Chautauqua Traction Company operating the electric railroad from Jamestown to Westfield. It comprises a modern passenger station, double tracking of the trolley line, a new brick paved highway and important changes in the boundaries of the Assembly enclosure.

Plans were made in 1913 by the State for the improvement of the highway. A magnificent new state road is now open through Mayville to Westfield, connecting with the great roadway east and west, known to all automobilists. The line of the highway at Chautauqua was changed and straightened and paved with brick. This change has made possible the addition of a considerable acreage to the lot and park space of the Institution. It in-

volves also the double tracking of the trolley line, the laying of needed switches and the construction of a new and complete station. The special piece of brick highway has cost the state and county \$17,000, while the Traction Company expenditures, as just indicated, will aggregate at least \$40,000.

The Institution has expended for land and buildings and for the improvements made over \$40,000. The special piece of brick highway has cost the state and county \$17,000, while the Traction Company expenditures, as just indicated, will aggregate at least \$40,000.

For a quarter of a century the water gate was the principal and almost the only entrance to Chautauqua, and it will be remembered for its natural picturesque beauty by every one who has visited the assembly during the past forty-two years. More recently, since the development of the electric railway and since the automobile has become so important a factor, the roadgate has received the larger share of visitors, yet it has had nothing to suggest the real character of Chautauqua. It has been like the railroad approach to many a town, a back door entrance, crowded and comfortless, without character or convenience.

The change in the highway and trolley line has made available to the Institution a tract about 4,000 feet long, varying in width from 10 to 300 feet, or nearly thirteen acres, and brings the total area within the enclosure up to about 200 acres. The new section is laid out into eighty-eight lots and into parking. The lots thus made available for lease are somewhat larger than the older Chautauqua lots. Two of the new streets formed are named Harper and Massey avenues, to commemorate services to Chautauqua by Dr. William R. Harper of the University of Chicago, and the Massey family of Toronto. In this extension about two acres have been added to the present playground

cent of Chautauqua Assembly, is an impressive enhancement of the natural charm of "the point." The new pier building, which will cost about \$10,000, will be another added ornament.

The new pier building will be a two-story structure of 40 by 100 feet, with concrete columns and red tile roofing. The first floor will contain the Institution ticket office, steamboat ticket office, waiting rooms, check room, baggage room and refreshment booth. The second floor will be entirely devoted to a covered promenade. A most attractive building is promised by Green & Wick of Buffalo, the Institution architects.

For the past two years there has been a marked improvement in this entire section of Chautauqua, in ground, park and cottage betterments, to which the new boat landing and water entrance will give final emphasis.

**Summer Schools Growing.**

The growth of summer schools throughout the country is being largely shared by the pioneer summer schools at Chautauqua, N. Y. This year's addition to the Chautauqua Summer Schools on College Hill will be in the form of two sixty foot ends added to the sides of the rectangle already well defined. When completed all the classes, comprising 3,000 students, will be provided for in this building, with the open end of the quadrangle toward the lake and "the old chestnut tree" a venerable Chautauqua landmark in the center.

It is to be hoped that friends of popular education will come forward to make possible in the immediate future the completion of this unique group of buildings which will serve as classrooms, laboratories and dormitories.

The Chautauqua Summer Schools themselves are unique in having always been self supporting. They are the oldest summer schools in the coun-

try. The summer schools are held over a period of six weeks, from June 15 to August 1. The courses are in music, art, literature, history, science, and general education. The schools are held in the new buildings on College Hill, which were completed last year. The schools are held in the new buildings on College Hill, which were completed last year. The schools are held in the new buildings on College Hill, which were completed last year.

NEW IMPROVEMENTS AT CHAUTAUQUA, N. Y.—THE FAMOUS "MOTHER CHAUTAUQUA"

## A CABINET LADY.

Wife of New Secretary of War,  
Newton D. Baker.

### BOUND FOR WASHINGTON.

The Newest Member of the President's Cabinet Brings a Wife and Three Charming Children to Grace Social Circles at Our Capital.

Once the wife of the mayor of Cleveland, Mrs. Baker is now presented to the cabinet ladies at Washington. Born Miss Elizabeth Wells Leopold, daughter of Howard Leopold, a retired merchant of Pottstown, Pa., Mrs. Baker was for several years an instructor in music at Wilson college

MRS. NEWTON D. BAKER.

Chambersburg, Pa., of which she is a graduate. She married Mr. Baker July 3, 1902.

As well as being a talented soprano singer and pianist, Mrs. Baker is also the mother of three interesting children—Betty, the oldest; Newton D. Baker, Jr., alias "Junior," and Peggy, the baby.

Politically, then, intellectually and artistically, Mrs. Baker is well fitted to assume the responsibilities of her position in the social life to which our new secretary of war brings her.

### VARIOUS INITIALS.

#### Hints About Marking Child's Garments So They Won't Mix.

One can buy in the various stores initials by the yard, worked in red or blue outline stitch on narrow strips of linen tape, three-eighths or a half inch wide.

These letters are used for marking plain underclothing, etc. They are of great use to the mother with a large family, who has neither money, nor time to spare on embroidery and who finds it necessary to have some distinguishing mark on the clothing, especially when there are two children the same size.

The letters are cut off from the strip when needed and overcast on the inside of the garment, any place where it will be invisible when worn.

When this system is used even stockings are easily paired. Sew each child's initial at the top of the stocking on the inside; then put a cross stitch in red under the letter on each stocking of the first pair. Use a blue cross stitch on the second, yellow on the third, etc.

It is an easy matter to sort even a large pile of stockings, two M's with red crosses being a pair of Mary's stockings, two M's with green crosses another pair, while two J's with blue crosses are a pair of stockings belonging to Jack.

If two children have the same initial use the blue letters for one and red for the other.

#### Street and Motor Coats.

The ripple coat for spring is made in both cloth and silk. Belts are placed at the normal waist line, at slightly higher than normal or a few inches below the point. Some are short waisted in the front and long waisted in the back. Both styles are liked.

Many coats have high collars and button up to the throat. They are made so that they can be worn open or closed. Oblong sailor collars, draped collars, ruche effect collars, cape collars and simple notched collars are approved. The cape collar is made detachable, being fastened with clasps or with buttons.

Sleeves are dressy, both in cut and by means of fancy cuffs. Motor coats are in plain colors, stripes, checks, plaids and mixtures.

#### Your New Veil.

If you would preserve that new novelty veil of yours and get from it the greatest possible wear do not fold it when putting it away. Instead take a piece of cardboard, around which you may roll it without creases, cover it with tissue paper and keep it in the box with your hat, and it will always be in the best condition and ready for wear.

#### Child's Cereal Set.

Nowadays there are many American wares of rather coarse clay finished in beautiful colors and made in pretty shapes. A child's set, consisting of a plate, bowl and milk jug—a cereal set—is yellow, and around the top of the jug and bowl and around the edge of the plate is a decoration of white ducklings.

## CLEAN-UP WEEK

ALBANY, April 20.—The following bulletin was issued today by the New York State Department of Health:

The State Commissioner of Health has designated the week beginning May 1 as "Clean-up Week," and has written to the Mayors and Presidents of Boards of Health asking their hearty co-operation in making it a success.

The past winter has been a long and severe one. Forced confinement within doors during much of the time has caused in many people a certain deterioration in physical condition. With the coming of Spring the desire to be out of doors is universal, and should be accompanied by the wish to set in order the home that has given warmth and shelter. SOAP AND WATER, SUNSHINE AND FRESH AIR are the most important factors in the preservation of health and the prevention of disease. Within the house from garret to cellar these should be given free play. Especial attention should be directed to rooms occupied by members of the family who have been or are ill from any communicable disease. All accumulated rubbish should be destroyed or carted away. Screens for windows and doors, especially in the kitchen, should be overhauled and made tight against flies and mosquitoes.

Out of doors, cesspools and privy vaults should be emptied and cleaned. Both should be made FLY PROOF, and constructed in such a manner as to avoid any possibility of contaminating the well. The latter may need to be cleaned and repaired.

Flies are one of the most common agents for the spread of disease. They breed by preference in stable manure, but also in any mass of decaying material.

The daily removal and spreading of manure on the soil is a measure of GOOD FARMING and GOOD SANITATION. If it must be allowed to accumulate, the vault in which it is stored should be AIR TIGHT and WATER TIGHT. The grounds about the house and outbuildings should be cleaned up and made attractive. There is no clearer index to the character of the inmates, than the appearance of house and grounds.

Finally, there should be the closest co-operation between individuals, members of Village Improvement Societies, and the Health Officer, in giving a real significance to "clean-up week," not forgetting to direct special attention to that part of the community occupied by the POOR AND IGNORANT—often foreigners with little or no knowledge of the first principles of cleanliness and sanitation.
